CORPORATE INFORMATION

KEY BOARD INFORMATION AND MANAGEMENT

(a) Incorporation

The Higher Education Loans Board (HELB) is a statutory body established in July 1995 by an Act of Parliament 'Higher Education Loans Board Act' Cap 213A. It is a state corporation in the ministry of Education. The Board is domiciled and operates within the republic of Kenya. It is governed by Board of Directors and headed by the Chief Executive Officer and Board Secretary who is responsible for general policy and strategic direction of the Board. He is the Secretary to the Board of Directors.

(b) Principal Activity

As stipulated in the Higher Education Loans Act of 1995 the objective and the purpose for which Board was established is " for the management of a fund to be used for granting loans to assist Kenyans students to obtain higher education at recognized institutions within and outside Kenya and for matters incidental thereto and connected there with"

(c) Specific Mandates

Section six of the HELB Act states the functions of the Board as follows:-

- Formulate sound policies for regulating the management of the Fund;
- Solicit for funds and other assistance to promote the functions of the Board;
- Set the criteria and conditions governing the granting of loans including the rate of interest and recovery of loans;
- Receive any gift, donation, grants or endowments made to the Board, and to make legitimate disbursements there from;
- Establish and maintain links with other persons, bodies or organizations within or outside Kenya, as the Board may consider appropriate for the furtherance of its purposes;
- Enter into contract with financial institutions for the purpose of loan disbursement and recovery;
- Grant loans out of the Fund either with or without security, as the Board may deem fit, to any eligible person to enable or assist any student, to meet the cost of higher education;
- Determine the maximum number of eligible persons or students to be granted loans in any one particular year;
- Invest any surplus funds not currently required for the purpose of the Board in any investment authorized by law for investment of trust funds with power from time to time to vary or realize those investments;
- With the consent of the minister, to set up and expend such other funds as may from time to time be required;
- Receive and consider all loan applications from eligible persons or students wishing to be considered for the award of higher education loans, and to approve, withhold or reject such requests in accordance with the provisions of the Act;
- Borrow such monies from such sources and in such amounts as may be approved by the Minister with the concurrence of the Treasury and to secure such loans in such manner as they deem fit;
- Take insurance cover for risky loans such as death, incapacity or inability to pay, as the Board deems fit;
- Establish and award bursaries and scholarships which it may consider necessary for promotion of the objectives and functions of the Board;

CORPORATE INFORMATION (Continued)

■ **MR. D. NDEGWA WACHIRA**

Chairman, Board Of Directors

CHAIRMANS' STATEMENT

MR. D. NDEGWA WACHIRA

Chairman, Board of Directors

Growth in Education Sector

In the Kenyan Constitution, education is prescribed as a key pillar for social protection and development. Subsequently, the Government continues to invest heavily in the education sector. This heavy investment in education is imperative so as to develop skilled and employable human capital. Access to higher education is viewed as the key weapon of getting out of the poverty trap, as well as improved individual standards of living. This has consequently translated into a rise in the demand for loans both in terms of volumes and value.

The Higher Education Loans Board, through the mandate assigned to it by the Government has therefore remained focused for the last 20 years on providing financial interventions to an increasing number of youth pursuing higher education. Today, the country boasts of over **520,000** students enrolled in our public and private universities in addition to over **80,000** students enrolled in TVET colleges bringing the total number of students enrolled in institutions of higher learning to about **600,000**. In 2015/2016 HELB financed a total of **197,436** students at a cost of **Kshs.8.03 billion** compared to **167,537** students financed in 2014/2015 at a cost of **Kshs. 6.8 billion**. However, HELB is currently only able to finance a third of these students enrolled in institutions of higher learning which is reflective of the growth in the education sector.

Board Performance

Three years ago the government transferred the management of the TVET bursary to HELB due to the elaborate structures that the Board has put in place in management of student financial aid. In the past financial year, the government allocated **Kshs.300 million** to be disbursed as loans to students in TVET institution that are under the Ministry of Education. The Board appreciates the importance of technical skills for the attainment of Vision 2030 delivery objectives and growing the economy. This then reflects the Board's commitment to create awareness that funding is available for students in TVET programs in order to play its role in increasing the completion and retention rates in tertiary colleges. We as a Board will continue engaging the Government and development partners for more funding using the successful USAID/Funzo Kenya model so that all needy students are adequately supported. Already we have lined up a huge pipeline of hybrid funding models in Accountancy, Oil

& Gas, Aviation and Power sector to increase access and availability of funds to train students in these critical areas. 2015/2016 marks the third year that HELB is implementing the 2013-2018 strategic plan. Despite the macro-economic challenges, the Board recorded an appreciable implementation level of **74%** of the targeted activities for the period. During the year under review the Board financed a total of **197,436** students at a cost of Kshs.8.03 billion up from **167,537** students financed in 2014/2015 at a cost of **Kshs. 6.8 billion**. Loan recoveries recorded a new high level of **Kshs. 3.9 billion**.

In order to address the ever increasing demand for student loans both in number of applicants and in amount allocated; one of the key pillars in the Strategic Plan is resource mobilization from alternative sources to supplement exchequer allocation and loans recoveries. The Board remains cognizant that the priorities in exchequer financing have continued to shift towards provision of basic social requirements such as security, health and basic education. As a result, the exchequer flows to HELB did not grow in tandem with the increase in the number of students admitted to institutions of higher learning. Conversely, loan recovery which is the other source of this revolving fund cash flow, albeit growing at an average of 8% year on year does not completely compliment the total students' loan budget. The Board therefore continues to drive partnerships with various financiers of higher education for HELB to manage their scholarship funds on a revolving basis. Other ongoing discussions have

been with the County Governments, Constituency Development Funds, corporate foundations, donors and individuals. These efforts are bearing positive fruits and remain a key focus area for the Board in the coming years.

Corporate Governance

The Higher Education Loans Board will continue to play its role as a leader in financing higher education in Kenya. Towards this end, the Board has put in place committees of the Board of Directors and Management to spearhead effective delivery of services. These committees include the Audit, Risk Management & Compliance Committee, Loans Disbursement and Recovery, Finance, staff and general purposes committees. These committees are important to the Board as they ensure attention remains focused on critical aspects of its function in fulfillment of its mandate and thus ultimately contribute in meeting both our objectives and our customers' expectations without interfering with or impeding the operation of the corporation. As Chairman, I maintain an overall responsibility for the leadership and effective performance of the Board with the express and unreserved support of my colleague Directors. During the year under review, the Board of Directors comprised of eleven (11) members with seven (7) being institutional representatives, two (2) independent, the Chief Executive officer, who is also the secretary to the Board and the Chairman. The Board members served in the following Committees:

5. Ms. Grace Kemei - Member	5. Mr. Habil Olaka - CEO Kenya Bankers Association	5. Mr. Charles Ringera – CEO HELB
6. Mr. Charles Ringera – CEO HELB	6. Mr. Charles Ringera – CEO HELB	
Mr. D Ndegwa Wachira – Chairman of the Board		

To drive a high performance culture within the Board, this year under review is the 2nd year that the Board adopted the Balanced Scorecard performance management tool in order to realize the 2013 – 2018 Organizational Strategy. This tool forms the basis of staff performance appraisal and also within the Board. The HELB Act CAP213A which was enacted in 1995 has been found insufficient in the transformation journey of HELB to a Development Financial Institution (DFI) as recommended by the Presidential Taskforce on Parastatal reforms. The Board has therefore prioritized review of the Act as a key task in achieving Institutional Capacity and Corporate Governance, which are pillars of the Strategic Plan and to enable HELB to offer the market customer oriented products.

In conclusion, I wish to take this opportunity to appreciate support from the Government of Kenya, fellow directors, staff and management, customers, our funding partners and all stakeholders for their support during the year under review. The Board shall remain true committed to transforming the lives of Kenyans by providing affordable loans to Kenyans who are pursuing higher education as a key weapon to confront the challenges of poverty.

D. Ndegwa Wachira
Chairman, Board of Directors

■ CHARLES RINGERA

Chief Executive Officer

CHARLES RINGERA

Chief Executive Officer

The World Bank predicts Kenya's growth rising to 5.9% in 2016 and 6.1 % in 2017. The positive outlook is predicated on infrastructure investments. According to the October 2015 Kenya Economic Update, Kenya is poised to be among the fastest growing economies in Eastern Africa. Besides, the 2016 Country Economic Memorandum says that Kenya's growth prospects will depend a lot on Innovation, Oil, and Urbanization in the long term. Interventions and increased spending on health and education are paying dividends. On the flipside, the inflation rate as at June 2016 stood at 5.8% while the overall unemployment rate stood at 9.2% with the unemployment rate for the youth at 35%. During the year under review - the United Nations, in September 2015, approved the 2030 Global Agenda

for Development that set 17 post-2015 Sustainable Development Goals (SDGs) as a unifying agenda for peace, prosperity and wellbeing of all people across the globe, and to preserve our planet. The SDGs endeavor to realize and build on what the Millennium Development Goals (MDGs) did not accomplish in the eight, anti-poverty targets that included slashing poverty, hunger, disease, gender inequality and promoting access to water and sanitation. The post-2015 global development agenda further addresses the root causes of poverty and the universal need for sustainable and inclusive development through its 169 specific targets. Education continues to face real challenges and hence the formulation of Sustainable Development Goal (SDG) number 4, which the Board, on behalf of the Government of Kenya, is deeply committed to attain.

The 5 Year Corporate Plan: 2013 – 2018

The five (5) year strategic plan for the period 2013-2018, which has a deliberate strategic posture on customer centricity and excellence, was launched in the 2013/2014 with four key strategic pillars. The Board is half way through the strategy implementation with an average achievement rate of 46.5%. All efforts are being made to accelerate the implementation process so as to reach 100% completion rate.

Operational Performance

HELB Funding has grown year on year from GoK allocation from Kshs 700M in the financial year 1999/2000 to Kshs. 4.9B during the financial year 2015/2016 in addition to significant growth in terms of loan recoveries from Kshs 391.9M in the financial year 1999/2000 to Kshs. 3.9B during the financial year 2015/2016. The government continues to be stretched in financing higher education with more than 67,750 students joining university 2015/2016 up from about 57,000 the previous year and another 35,000 were placed in Technical Vocational and Entrepreneurship Training (TVET) institutions, putting pressure on the Board finances. The Board projects that over the next three years, the population of students seeking its help will nearly double from 19 per cent to 36 per cent by 2018. Effectively, the financing budget is projected to

increase nearly threefold from Kshs 5.4 Billion in 2013 to Kshs19 Billion by 2018.

It is important to note that adequate financing of higher education can only be achieved if meaningful collaborations are established between all the major stake holders among them the government, through the Ministry of Education, Science and Technology, parents/guardians, students, employers and institutions of higher learning as well as other financiers of higher education. HELB therefore commits to playing a central leadership role in the provision of sophisticated hybrid funding models that ensure that access to educational opportunities is not hindered by economic circumstances.

The year under review saw an increase of **18%** as HELB financed a total of **197,436** students at a cost of Kshs.8.03 Billion compared to **167,537** students financed in 2014/2015 at a cost of **Kshs. 6.8 Billion. 27,319** of total number of these students financed were assessed as being extremely needy, and in addition to the loan, they were awarded bursary totaling **Kshs.183.8 Million**. The Board continues to focus on this segment from economically challenged background as a social intervention mechanism.

Aligning to Vision 2030

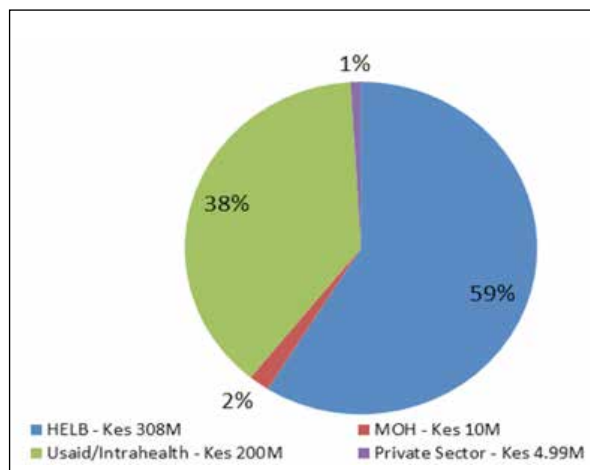

Following the adoption of the SDGs, some informed opinions and concerns are emerging that by 2030, i.e. the timeline for the achievement of the SDGs, the performance of African Countries could be as wanting as were reported for the Millennium Development Goals. Governments have a crucial responsibility for driving the implementation of the post-2015 SDGs' in their respective countries; but other stakeholders must also champion the agenda to ensure the realization of the development objectives. In particular, it observed that virtually all the SDG'S 169 targets require practical accomplishments that are heavily dependent on adequate availability and application of *skilled technical manpower*.

Any country that intends to make a breakthrough in industrialization and technological development must begin by ensuring that it has a critical mass of well qualified technologists and engineers. The broad engineering profession is typically considered to be comprised of five cadres of staff, namely; engineer, technologist, technician, crafts-people and artisan. For the effective execution of the engineering function within an economy, it is important that each of these cadres is represented in appropriate proportions. For most developed countries the ideal ratio for the four categories of professional is 1:2:4:16.1. For a typical developing country however, it is considered that the more realistic ratios would be 1:3:12:60

As an implementation agent of Government of Kenya, HELB has made specific initiatives as contributions towards facilitating the production of the requisite technical manpower for successful implementation of the post-2015 development agenda in the member countries. The Board continues to offer loans and bursaries to TVET college students to ensure that they become institutions of choice and for them to gain practical skills that will enhance their chances of gainful employment. To this end a total of **12,781 students** from over 70 TVET institutions under the Ministry of Education, Science and Technology were financed to the tune of **Kshs. 396.2 Million** for loans and **Kshs. 91.8 Million** for bursaries compared to 2013/2014 where **6,236 students** with loans amounting to **Kshs.110.6 Million** and bursary amounting to **Kshs. 51.9 Million** were funded.

TVET - Healthcare Workers

On a TVET sector specific, a supply shortage was identified in the Health care workers. In the last three years through seed funding from USAID and other partners, the Board commissioned the Afya Elimu loan product through a sophisticated funding mechanism structured around Public-Donor-Private Sector syndication. In conjunction with Intra health International (management arm of USAID) and Private Sector, HELB structured a revolving loan product to finance medical students at Kenya Medical Training Colleges and Faith Based health training institutions. This is aimed at addressing the urgent need of trained technical personnel to support the health sector.

REPORT OF THE CHIEF EXECUTIVE OFFICER (Continued)

In the year 2015/2016, **4,575** needy first time applicants, were awarded loans at a total cost of **Kshs.185 Million** financed jointly by Intra health, under FUNZO Kenya; HELB, Rattansi Education Trust, I & M Bank and Family Bank Group Foundation. To date a total of **9,515** health care graduates have been funded under the Afya Elimu Fund at a total cost of **KShs.523 Million**.

Skills Enhancement to Employed Human Resources

The continuing education loan program that caters for salaried students in the undergraduate and post graduate recorded disbursement to **2,082** students at a total value of **Kshs.254.7 Million**. The Board is pursuing a Multi-pronged approach to shore up this portfolio particularly with the coming on board the Government of Kenya Training Revolving Fund (**Kshs. 125.5M**) for Civil servants and also the Kenya Revenue Authority Staff Training Revolving Fund (**Kshs. 20M**) that HELB is now managing.

As part of a corporate social responsible organization, HELB awarded a total of **83** students' scholarships worth **Kshs.24.1 Million** with fifty three (53) beneficiaries from the Masters' program and thirty (30) from the PHD program.

Funding HELB

The total budget for the year amounting to **Kshs.10.854 Billion** was financed from two major sources namely the Exchequer allocation – **Kshs. 6.533 Billion** and loan recoveries – **Kshs. 3.9 Billion** accounting for 60% and 37% respectively, while the balance of 3% was financed from other sources including interest from investment income, miscellaneous income and devolved funds mainly from the constituencies. Consequently with increase in student lending portfolio of **Kshs 8.03 billion**, the Balance Sheet grew from **Kshs.43.53 Billion** in 2014/2015 to **Kshs.50.9 Billion** by close of 2015/2016 representing a 17.5% growth.

Positioning Alternative Resource Mobilization as a key strategic driver

Despite the growth in HELB's performance witnessed

over time, the increased demand for higher education and its corresponding funding has not been matched by availability of resources from the traditional source that is the national government. This funding gap has driven HELB to source for funds outside the National Treasury as well as seek partnerships that will ensure sustainability for the already available alternative sources of higher education financing outside of scholarships and bursary schemes. The Board in its five year corporate strategy then crafted a pillar on alternative resource mobilization to restructure the balance sheet and balance out the portfolios. This achievement entrenches the organization's posture as an able steward of managing public, devolved, institutional, donors and individual funds on a revolving basis given the experience and tenacity the Board has acquired over time. To this end the Board received Kshs. 20M from Kakamega County Education Revolving Fund, Kshs. 27Million from Busia and Kshs. 9 Million, 10.8 Million, 2.5 Million, 1 Million and 2 Million from Igembe North, Karachuonyo, Awendo, Tigania West and Tinderet Constituencies' Education Revolving Funds respectively.

Driving Loan Repayment Culture

In its strategic posture, HELB realized from the onset that disbursements should be matched by energized and effective loan collection strategies and tactics for effective mandate delivery. Despite a challenging economic environment, HELB relationship building continues to transcend employers and loan beneficiaries of its products to honor their obligations through timely loan repayment. This is a major strategic focus within the strategic pillar which guarantees the future success and sustainability of the National Education Revolving Fund will be hinged on the ability and willingness of its loan recipients to repay their loans in order to effect the desired socio-economic dividend. The Board is building a strong emotional culture of Loanees caring for future generations through the establishment and consolidation of a consistent, reliable and dedicated loan repayment culture. To this end, the Board recorded another stellar performance on loan recovery from past beneficiaries growing at annual average of 5% year on year since 2010/2011.

During the year under review a total of Kshs.3.9 Billion was recovered compared to Kshs.3.36 Billion recovered in the previous year being an increase of 18.5%.

Our ethos are based around a culture of caring for future generations higher educational needs through a loan repayment principle

Achieving a First Class Customer Experience

The foundation of our strategic plan is based on working towards provision of a memorable and delightful experience for all our customers. The Board is keen to drive strategic focused activities as a road map to achieving the noble goal of transforming the lives of Kenyans.

Investing in Technology

We live in a digital space. In 2014/2015, the Board commissioned implementation of integrated Enterprise Resource Planning (ERP) system so as to improve ease of doing business, expand our service outreach by investing in technology infrastructure as well as enable Self Service compliance certificate processing for corporates (SAGAs)

Increasing Customer Touch points

In order to bring the convenience of HELB services closer to our customers spread across the country, through Ministry of Devolution and Planning’s Huduma centers across the country, HELB is represented offering comprehensive services in 19 Huduma Centres based on justifiable traffic.

In addition to the Customer Experience Centre on the Ground Floor at Anniversary Towers, the Board introduced a new Student Service Centre on Mezzanine One [M1] at Anniversary Towers complete with Electronic Queue Management in order to better serve students thereby reducing lift traffic whilst decongesting customer access on 18th Floor.

Enhancing Electronic Disbursements

The Board is deliberately pursuing efficiency in funds disbursement that also creates a higher financial discipline among our key customers. The Board in collaboration with various banks commenced implementation of student smart card. The card introduces sophisticated applications and utilization of funds and also acts a University

REPORT OF THE CHIEF EXECUTIVE OFFICER (Continued)

identification card. The card has 3 e-wallets, the tuition wallet will be swiped at the university cashier's POS while the upkeep wallet can be used at the student cafeteria, supermarket, cashed at the ATM and includes the possibility of transferring to other payment channels like M-PESA. This in turn translates to more efficient disbursement system and accountability. Six universities have implemented the Smart Card system namely KEMU, Egerton, African Nazarene, Masai Mara and Co-operative University College

Following our customers into digital space

Consistent communication and engagement with our stake holders remains a fundamental aspect that ensures feedback for service delivery improvement. The Board has therefore conceptualized a comprehensive digital media strategy with regards to our presence on social media platforms such as Twitter, Facebook, Linked in and Web chat. This will be followed by revamping of the website to include a digital fund raising element in the 2016/2017 financial year.

The Board has also partnered with Maisha Edu to introduce a financial literacy awareness program for loan applicants in 2015/2016 with the aim of imparting knowledge in the management of personal finance and making informed decisions especially with regard to student loans.

Sound Corporate Governance

In 2015, the government launched the Mwongozo Code of Conduct for State Corporation Boards. HELB remains committed to the Mwongozo Code of Conduct through excellent participation on Strategy, policy direction and general matters reserved for the Board of Directors. Additionally, HELB aims at improving the welfare of human capital through Balance Score card based performance evaluation as well as building resilient structures with appropriate staffing to support new business lines in the future.

Appreciation

In conclusion, I wish to take this opportunity to thank all the employees for their dedication as well as show appreciation to the Board of Directors and all our stakeholders who supported us throughout the year. It is my sincere hope

that we continue working together to achieve the shared purpose of empowering the dreams of Kenyans through financing higher education. HELB therefore plays a very important role in ensuring that the funds available from all these stakeholders are allocated to the most deserving cases as we seek to establish a sustainable National Revolving Fund for financing higher education now and in the future.

Charles Ringera
Chief Executive Officer

Tailoring our service offering by leveraging on technology to provide transparent and near real-time communication based on customer preferences remain key in driving customer centricity for the Board

CORPORATE GOVERNANCE STATEMENT

1. Ownership

The Higher Education Loans Board (HELB) was established in July 1995 by an Act of Parliament 'Higher Education Loans Board Act' Cap 213A. It is headed by the Chief Executive Officer and Board Secretary who is responsible for implementation of the Board policy decisions and the day to day operation of the organization.

2. Current Constitution and Appointment of Board of Directors

Boards of Directors are appointed by the Cabinet Secretary for Education except the Chairman who is appointed by the President. The membership of the board of directors is as follows:

- a) Chairman who is appointed by the President.
- b) Principal Secretary, Ministry of Education Science and Technology;
- c) Principal Secretary, The National Treasury;
- d) A Vice Chancellor of one public university to represent all the other public universities;
- e) A Vice Chancellor of one private university to represent all the other private universities;
- f) The Chief Executive Officer, who is the Secretary to the Board;
- g) The Chairman, Kenya Bankers Association;
- h) The Chief Executive Officer, Federation of Kenya Employers;
- i) The Chief Executive Officer, Commission for University Education.
- j) Two Independent Members from the Public

Board of Directors in 2015/2016

Mr. Charles M. Ringera	Chief Executive Officer HELB		
In Attendance: B. N. Masinde	Legal Services Manager (Recording)		

3. Responsibility of Board of Directors

The Board of Directors is ultimately responsible for providing policy guideline specifically on;

- a. The Mission and Vision of the Board;
- b. Promoting the aims and objectives of the Board;
- c. Setting strategic directions for the Board;
- d. Performance management of the CEO;
- e. Oversight of management;
- f. Setting and monitoring broad budget and planning framework, ensuring that the Board's finances are sound and taking major financial decisions
- g. Setting and critically monitoring Board policy and risk management;
- h. Fund raising and resource mobilization.

4. Remuneration of Board of Directors

The Board of Directors, other than the Chief Executive Officer do not receive a salary. They are however paid a sitting allowance for every meeting attended at the rate of **Kshs. 20,000** per meeting. The Chairman of the Board receives monthly honoraria of **Kshs. 80,000** per month.

5. Board of Directors meetings

The meetings of the Board of directors are held at least once every quarter in a calendar year. In order to facilitate the smooth running of its affairs, the Board of Directors has established committees.

6. Board of Directors Committees

In order to facilitate the smooth running of its affairs the Board of Directors has established committees with a membership and terms of reference it deems fit. The following committees were in place during the year 2014.

- i. Finance Staff and General Purposes committee;
- j. Loans disbursement and recovery committee;
- k. Audit, Risk Management and Compliance committee

7. The Management Team

Members of the management team are appointed by the Board of Directors. The membership consists of the Chief Executive Officer and other members as per the Board's establishment. In the year 2014 the management team was as disclosed on page (xv).

8. Risk Management

The Board of Directors is responsible for risk management. The Board conducts risk assessment on regular basis which informs the internal audit plan. The identification and management of risk is a continuous process linked to the achievement of the Board's objectives. Risk based audits are carried out by the internal audit departments and reports on internal control and risk forwarded to the Board of directors through the Audit, Risk Management and Compliance Committee.

CORPORATE SOCIAL RESPONSIBILITY STATEMENT

The Board recognises that we must integrate our core business values and operations to meet the expectations of our stakeholders. They include customers, employees, investors, suppliers, the community and the environment.

- a. We recognise that our social, economic and environmental responsibilities to these stakeholders are integral to our business. We aim to demonstrate these responsibilities through our actions and within our corporate policies.
- b. We take seriously all feedback that we receive from our stakeholders and, where possible, maintain open dialogue to ensure that we fulfil the requirements outlined within this policy.
- c. We shall be open and honest in communicating our strategies, targets, performance and governance to our stakeholders in our continual commitment to sustainable development.
- d. We will ensure to align to the National Values and Principles of Governance as outlined in Article 10(2) of the Constitution
- e. The Chief Executive Officer is responsible for the implementation of this policy and will make the necessary resources available to realise our corporate responsibilities. The responsibility for our performance on this policy rests with all employees throughout the company.

HELB will either organize CSR activities internally or participate in CSR activities organized by other institutions/ groups. Activities organized by other institution/ groups shall require a proposal with details of the organization, project details and requested sponsorship amount. All CSR activities will be done under the guidance of the Corporate Communications & Customer Experience Department.

The main areas of focus will be:

- a. Education related matters,
- b. Environmental conservation,
- c. Charitable works
- d. Extraneous circumstances such as government directives and matters of national concern e.g. natural disasters

1.1. Education

Under the UN Sustainable Development Goals [SDGs], SDG number 4 introduces fundamental view of higher education learning that governments must undertake to ensure inclusive and equitable quality lifelong learning opportunities for all.

On behalf of the Government of Kenya, HELB is well equipped to help Government achieve this goal by 2030. In addition to financing higher education, HELB supports the achievement of education for children in the areas where we operate. This may include helping to equip and rehabilitate educational institutions as well as any other activity deemed to support financing of higher education, managed funds or potential partners to come on boards.

1.2. Environmental Management

Under the UN Sustainable Development Goals, SDG number 15 addresses the need to sustainably manage forests, combat desertification, halt & reverse land degradation and halt biodiversity loss.

CORPORATE SOCIAL RESPONSIBILITY STATEMENT (Continued)

HELB will support efforts towards environmental stability, by engaging in conservation activities agreed upon from time to time as well as any other activity deemed to support financing of higher education, managed funds or potential partners to come on boards

1.3 Charity Work

In the spirit of participating in the communities we work and live in, HELB will also consider undertaking charity activities that include visiting children's homes, visiting the terminally sick and donating products that may be deemed needed at the time of the visit as well as sponsoring and participating in any other activity deemed to support financing of higher education, managed funds or potential partners to come on boards.

In 2015/16 HELB organized Six [6] CSR activities internally or participated in CSR activities organized by other institutions or groups under the guidance of the Corporate Communications & Customer Experience Department.

The following events took place:

Date	Activity	CSR Pillar
2015/2016	Postgraduate Scholarships	Education
September 2015	Chemususu Dam Half Marathon & Tree Planting	Environmental Conservation
February 2016	KNH Paediatric Oncology Ward Visit	Charitable Works
March 2016	First Lady Half Marathon	Charitable Works
June 2016	Ngong Forest Tree Planting	Environmental Conservation
June 2016	Thika School for the Visually Impaired Visit	Education

Chemususu Dam Half Marathon & Tree planting

First Lady Half Marathon

KNH Oncology Ward Visit

Ngong Hills Tree Planting

Thika School for the Visually Impaired visit

REPORT OF THE DIRECTORS

The Directors submit their report together with the audited financial statements for the year ended June 30, 2016 which show the state of the Board's affairs.

Principal activities

The principal activities of the Board are and continue to be financing higher education by providing affordable loans and bursaries and scholarships to Kenyans in institution of higher learning recognised by Commission for University Education (CUE) and Directorate of Technical Education, Ministry of Science and Technology. The Board also recovers matured loans from past loanees.

Results

The surplus for the year of **Kshs.559 Million (2015: Kshs. 849 Million)** has been added to accumulated surplus.

Directors

The members of the Board of Directors who served during the year are shown on pages (ix).

Auditors

The Auditor General is responsible for the statutory audit of the Board in accordance with the Section 81 of the Public Finance Management (PFM) Act, 2012, which empowers the Auditor General to nominate other auditors to carry out the audit on his behalf. Office of the Auditor was nominated by the Auditor General to carry out the audit of the Board for the year ended June 30, 2016.

By Order of the Board

CHIEF EXECUTIVE OFFICER

HIGHER EDUCATION LOANS BOARD

NAIROBI

DATE: 23rd December, 2016

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 68 of the Public Finance Management Act, 2012 and section HELB Act, require the Directors to prepare financial statements in respect of that Board, which give a true and fair view of the state of affairs of the Board's at the end of the financial year and the operating results of the Board for that year. The Directors are also required to ensure that the Board keeps proper accounting records which disclose with reasonable accuracy the financial position of the Board. The Directors are also responsible for safeguarding the assets of the Board.

The Directors are responsible for the preparation and presentation of the Board's financial statements, which give a true and fair view of the state of affairs of the Board for and as at the end of the financial year ended on June 30, 2016. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Board; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Board; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Board's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act and the State Corporations Act. The Directors are of the opinion that the Board's financial statements give a true and fair view of the state of Board's transactions during the financial year ended June 30, 2016, and of the Board's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the Board, which have been relied upon in the preparation of the Board's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the Board will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Board's financial statements were approved by the Board on *23rd December, 2016*
:and signed on its behalf by

D. NDEGWA WACHIRA
CHAIRMAN

CHARLES M. RINGERA
BOARD SECRETARY/CEO

REPORT OF THE INDEPENDENT AUDITORS ON THE ACCOUNTS OF HIGHER EDUCATION

LOANS BOARD

We have audited the accompanying financial statements of Higher Education Loans Board for the year ended June 30, 2016, which comprise: (i) a statement of financial performance; (ii) a statement of financial position; (iii) a statement of changes in net assets; (iv) a statement of cash flows; (v) a statement of comparison of budget and actual amounts and (vi) a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

The Board's Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Public Sector Accounting Standards, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with the International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

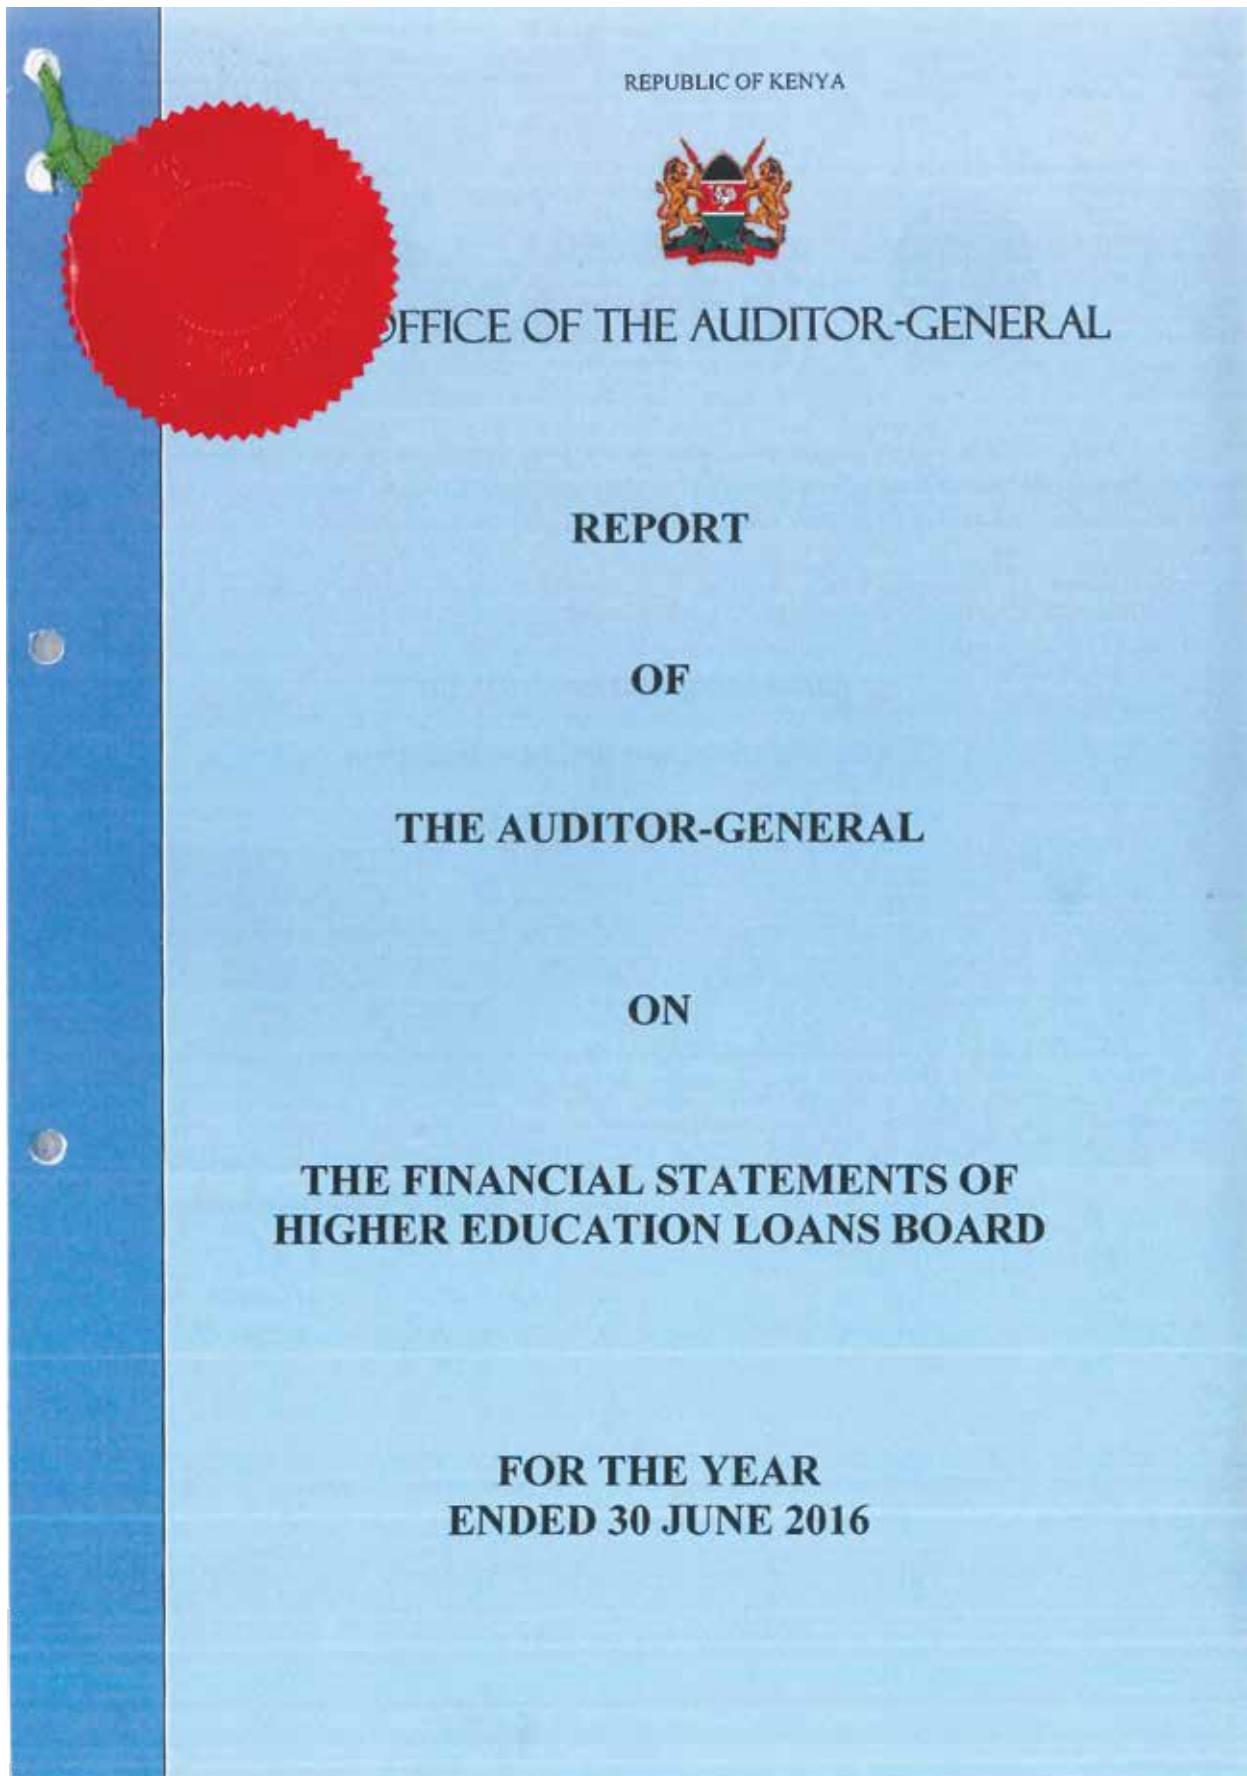

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Board as at June 30, 2016, and its financial performance as well as cash flows for the year then ended in accordance with International Public Sector Accounting Standards.

OFFICE OF THE AUDITOR-GENERAL

**REPORT OF THE AUDITOR-GENERAL ON HIGHER EDUCATION LOANS
BOARD FOR THE YEAR ENDED 30 JUNE 2016**

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of the Higher Education Loans Board set out on pages 1 to 23, which comprise the statement of financial position as at 30 June, 2016 and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution and Section 48 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit

Report of the Auditor-General on the Financial Statements of Higher Education Loans Board for the year ended 30 June 2016

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

1. Land

As previously reported, the property, plant and equipment balance of Kshs.809,614,174 as at 30 June 2016, includes a parcel of land LR No. 209/13515 measuring 0.6 hectares situated at Upper Hill area, Nairobi, recorded at a cost of Kshs.44,588,742. Although the ownership documents indicate that the parcel of Land belongs to the Board, a discrepancy exists between the deed plan at the Ministry of Land, Housing and Urban Development and the actual position on the ground which shows that the Board's perimeter wall on one side was put up in a straight line while the deed plan has a curve on that particular side. Further, the Kenya Railways Corporation claims that the plot was illegally excised from the Corporation's land by the then Commissioner of Lands. Although the management has explained that the matter has since been taken up by the parent Ministry for resolution, no positive outcome had been attained as at the date of this report.

Consequently, it has not been possible to confirm the accuracy of the property, plant and equipment balance of Kshs.809,614,174 and ownership by the Board of parcel of land No. LR No.209/13515 recorded at a cost of Kshs.44,588,742 as at 30 June 2016.

2. Matured Loans to Students

The statement of financial position as at 30 June 2016 reflects matured students' loans balance of Kshs.26,449,800,171 which is net of matured loan balance of Kshs.27,836,611,765 and provision of bad and doubtful debts of Kshs.1,386,811,594. The balance of Kshs.26,449,800,171 includes loans totalling Kshs.8,859,371,482 which represent matured students' loans outstanding over the stipulated period of 10 years. In the circumstance, full recoverability of Kshs.8,859,371,482 is doubtful.

3. Cash and Bank balances

As disclosed in Note 17 to the financial statements, the cash and bank balances amounting to Kshs.390,349,428 include a balance of Kshs.305,122,323 held in a financial institution placed under receivership in April 2016 and later taken over by another financial institution. Further Note 18, to the financial statements indicates that short term investments totalling Kshs.100,000,000 were held in the same financial

Report of the Auditor-General on the Financial Statements of Higher Education Loans Board for the year ended 30 June 2016

**REPORT OF THE INDEPENDENT AUDITORS ON THE ACCOUNTS OF
HIGHER EDUCATION (Continued)**

institution. As a result the Board could not access its own funds totalling Kshs.405,122,323 as at the date of this report. In the circumstance, it has not been possible to confirm that the cash and bank balances amounting to Kshs.390,349,428 and short-term investments balance of Kshs.2,109,056,481 as at 30 June 2016 are fairly stated.

Qualified Opinion

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Higher Education Loans Board as at 30 June 2016, and of its financial performance and its cash flows for the year then ended, in accordance with the International Public Sector Accounting Standards (Accrual Basis) and comply with the Higher Education Loans Board Act, Cap.213 of the Laws of Kenya.

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Statement of compliance and basis of preparation

The Board's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings (**Kshs.**), which is the functional and reporting currency of the Board. They are rounded off to the nearest shilling. The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the indirect method. The financial statements are prepared on accrual basis.

b) The Public Sector Accounting Board (PSAB) Declaration

The Public Finance Management (PFM) Act 2012 section 192 provided the setting up of the Public Sector Accounting standards Board (PSASB). The Cabinet Secretary National treasury, gazette members of the board through Gazette notice no.1199 of 28th February 2014, following the Board's approval on the adoption of the International Financial Reporting Standards (IFRS) for state organs operating as commercial Business entities and the International Public Sector Accounting Standards (IPSAS) for non-commercial entities, the entity has adopted the pronouncements made by the IPSAS board in preparation of its current year financial statements. The Board has adopted the International Public Sector Accounting Standards (IPSAS) for non-commercial entities.

c) Summary of Significant Accounting Policies

i. Revenue recognition

1. Revenue from non-exchange transactions -Transfers from other government entities -

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably. Fees are recognized as revenues when the event occurs and the asset recognition criteria are met.

2. Revenue from exchange transactions - Interest income on all loans advanced is recognized on the accruals basis.

ii. **Budget information** - Annual budget is prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the Board. As a result of the adoption of the accrual basis for budgeting purposes, there are no basis, timing or Board differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

iii. **Taxes** - The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date by the Kenya Revenue Authority.

NOTES TO THE FINANCIAL STATEMENTS (continued)

- iv. Property, plant and equipment** - All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Depreciation is on straight line basis. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Board recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value. The annual rates for this purpose are: -

Category	Depreciation rate
Buildings	2.50%
Motor Vehicles	25.00%
Furniture	12.50%
Fixtures & Fittings	12.50%
Computers	33.33%
Office Equipment	12.50%

- v. Leases** - The Board has an operating lease. The payments are recognized as an operating expense in statement of financial performance.
- vi. Intangible assets** - Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as finite.
- vii. Inventories** - Inventory is measured at cost upon initial recognition. Inventory received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition. Costs incurred in bringing each product to its present location and conditions are on raw materials and are accounted for using the weighted average cost method. After initial recognition, inventory is measured at the lower of cost and net replacement cost. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Board
- viii. Provisions: Contingent liabilities** - The Board do not recognize contingent liabilities, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

NOTES TO THE FINANCIAL STATEMENTS (continued)

- ix. Changes in accounting policies and estimates** - The Board recognize the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.
- x. Employee benefits - Retirement benefit plans** - The Board operates a defined benefit staff retirement scheme for its employees. The scheme is administered by trustees and is funded from contributions from both the Board and employees at the rate of 20% and 10% of the basic salary respectively. The Board's contributions to the defined contribution retirement scheme are charged to the statement of financial performance in the year to which they relate. The Board and its employees also contribute to a statutory defined contribution pension scheme, the National Social Security Fund. The Board's contributions to the defined contribution scheme are charged to the statement of financial performance in the year to which they relate.
- xi. Related parties** - The Board regards a related party as a person or a Board with the ability to exert control individually or jointly, or to exercise significant influence over the Board, or vice versa. The Ministry of Education, Ministry of Finance, Universities, Funding partnerships, Board of Directors and Members of key management are regarded as related parties and comprise Chief Executive Officer and senior managers.

They are:

- | | |
|--|----------------------------|
| 1. Chief Executive Officer & Board Secretary | Mr. Charles M. Ringera |
| 2. Head of Finance | Mr. Shem A. Gichimu |
| 3. Head of Operations | Mr. Victor K. Lomaria |
| 4. Head of Research, Planning & Strategy | Mrs. Mary Wachira-Muchee |
| 5. Manager, Human Resource & Administration | Mrs. Madrine Mburu |
| 6. Ag. Manager, Finance | Ms. Kerin Lidoroh |
| 7. Manager, Loan Repayment & Recovery | Mr. Geoffrey O. Monari |
| 8. Manager, Lending | Mrs. Esther N. Michieka |
| 9. Ag. Manager, Information Technology | Mr. Josphat K. Nzuki |
| 10. Manager, Legal Services | Mrs. Bernadette N. Masinde |
| 11. Manager, Internal Audit | Mr. Phares K. Chege |
| 12. Manager, Fund Management | Mr. James Gachari |
| 13. Manager, CC & Customer Experience | Mrs. Wavinya Muigai |

xii. Cash and cash equivalents - Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at various commercial banks at the end of the financial year.

xiii. Comparative Figures - Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

NOTES TO THE FINANCIAL STATEMENTS (continued)

xiv. Significant judgments and sources of estimation uncertainty -

1. **Estimates and assumptions** - The Board based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing Circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Board.
2. **Useful lives and residual values** - The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:
 - The condition of the asset based on the assessment of experts employed by the Board
 - The nature of the asset, its susceptibility and adaptability to changes in technology and processes
 - The nature of the processes in which the asset is deployed
 - Availability of funding to replace the asset
3. **Provisions** - Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note 17.

NOTES TO THE FINANCIAL STATEMENTS (continued)

37. CONTINGENT LIABILITY

Litigation is in process against the Board relating to a dispute with a company that alleges that the Board has encroached on its land. The information usually required by IPSAS 19, Provisions, Contingent Liabilities and Contingent Assets, is not disclosed, on the grounds that it can be expected to prejudice seriously the outcome of the litigation. The Board is of the opinion that the claim can be successfully defended by Higher Education Loans Board.

38. INTERNATIONAL RELATIONS

The Board is a member of the Association of African Higher Education Financing Agencies (AAHEFA).

39. LEGAL STATUS

The Board is a state corporation domiciled and established in Kenya under the Higher Education Loan Board Act Cap213A of 1995 and administered under the state Corporation Act of 1986 under the Ministry of Education in the Government of the Kenya.

40. NUMBER OF STAFF

The Board had Two hundred and Twenty Six (226) members of staff as at 30th June 2016. 114 staff on permanent and pensionable terms and 112 on contract.

Ethnicity	Board Members	%	Senior Management	%	Other staff	%
Borana					1	0.47%

Samburu					3	1.40%
Taita					2	0.93%
Total	10	100%	13	100%	213	100%

41 Financial Risk Management

- i. **Market Risk** – HELB does not own any financial instruments in foreign currency hence it is not exposed to market risk.
- ii. **Price Risk** – HELB does not hold any financial instruments subject to price risk.
- iii. **Cash flow and fair value interest rate risk** – HELB collects banks and place funds in twelve banks that have all been approved by The National Treasury. This spreads the risk.
- iv. **Credit Risk** – This arises from cash and cash equivalents and short-term placements with banks and financial institutions as well as credit exposures from outstanding receivables, students' loans, and committed transactions. Credit risk is the risk that counterparty will default on its contractual obligations resulting in financial loss to the Board. Credit risk relating to students' loans is managed by Head of Operations and the others are managed by Head of Finance. Non performing student loans are forwarded to debt collectors for recovery and to Credit Reference Bureaus for listing. In regard to banks and financial institutions, HELB operates with banks and financial institution approved by The National Treasury.

PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue	Status	Timeframe
1	Ownership of land LR No.209/13515	Matter taken up by parent Ministry	Chief Executive Officer	Not resolved	Not defined
2	Recoverability of mature loans amounting to Kshs. 25,912,983,253	Measures put in place to recover outstanding loans.	Chief Executive Officer	Not resolved	Not defined

D. NDEGWA WACHIRA
CHAIRMAN

CHARLES M. RINGERA
